## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose or suggest a nail care device comprising a housing which stores a motor within, a cover being releasably to the housing, a grinding body attached to a drive shaft located in an upper part of the housing, the cover having at least two slots; wherein the space between the cover and the grinding body increases or decreases at different radial spacings going out from the drive shaft .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Joseph, Hutson, Thompson, Plantzer and Davidovitz are cited to show the state of the art with respect to a nail care device.
